RESIGNS AS
CHEMIST**

**HAS BEEN MANY YEARS WITH
DEPARTMENT OF AGRICULTURE**
MAN WHO HAS BEEN HEAD OF
BUREAU OF CHEMISTRY SINCE
1883 WILL SOON BECOME AN
EDITOR.
WASHINGTON, March 15.—An
announcement of the resignation of Dr.
Harvey W. Wiley as head of the
bureau of chemistry was made today
by the department of agriculture.
It is understood Dr. Wiley will be-
come editor of a new publication.
Ever since he entered the de-
partment of agriculture Dr. Wiley
has waged an unceasing war in be-
half of pure food and drugs and be-
come a terror to dealers in adul-
terated foods. He was appointed
chief chemist for the department of
agriculture in 1883.

**METROPOLITAN COMPANY
TO GIVE SECOND CONCERT.**
It is lamentable that when such
artists as compose the Metropolitan
Concert company visit Daytona they
should not be met by an audience
consistent with their merit. The
program given last night at the
New Daytona theater by this com-
pany was most enjoyable.

Victor Pranski, the Russian oper-
atic tenor, sang with ease and tell-
ing dramatic effect. In the sobbing
song of Pagliacci he left nothing
unsaid.
Miss Richy, a charming voice,
with much grace and artistry sang
herself into the favor of her au-
dience, particularly with an old Eng-
lish song, "The Lass with the Del-
icate Air," by Arne.

Miss Gerwing, violinist of the com-
pany, has perfect command over her
instrument, a large tone and skill-
ful technique.
Mr. Reboer is a pianist of no
mean ability. His accompaniments
were particularly finished.

An announcement was made from
the stage at the close of the pro-
gram, that Mr. Sneed, manager of
the theater, had induced the company
to give a return concert Sunday eve-
ning, when a program made up of
request and sacred numbers will be
given. The public is invited to
make requests by mail to the theater
or at Hankins' drug store.

Miss R. B. Welser, Dr. J. C. Her-
man's niece, who came south with
Dr. and Mrs. Herman in the fall
and has been with them during the
winter, departed Thursday on her
return to Columbus, Ohio.

**ART DAY AT PALMETTO CLUB
INTERESTING PROGRAM GIVEN**
MEMBERS HEAR LECTURE ON
PAINTING AND VIEW LARGE
NUMBER OF PAINTED SCENES
ON DISPLAY.

Thursday, March 14, is entered as Art Day in the Palmetto club calendar, the program to be in charge of Messrs. J. R. Wilcox and H. D. Fluhart, and the music in charge of H. F. Stewart, all local artists with more than local reputations. However, Artist Fluhart was not present and to Mr. Wilcox fell the undivided honor of lecturer of the afternoon.

Mr. Wilcox's theme, "Working Methods in Water Colors," dealt in the first part with fundamentals in color and rudimentary knowledge in the field of art and while more especially interesting and instructive to art students and workers, was anything but dull reading to the ordinary listener, and as the speaker advanced, thus rating his methods with a generous number of his choice pictures, the interest and enjoyment deepened. In the main these pictures were Florida scenes, though there were in the number several rare bits of northern scenery taken from around Boston, the St. Lawrence region and the rocky coast of Maine. To Mr. Wilcox more than any other artist in the world we are indebted for having made famous the weird beauty of the Tonoloway river and vicinity. Mr. Wilcox is a winter resident of Seabreeze.

Two dialect recitations, "A Hard Shell Baptist Sermon" and "De Saucy," by Mrs. Celest Hiaks, which afforded a pleasing variety, were well received.
The musical program, which was unusually fine, was furnished by the Tucker orchestra, every number being encored.

Mr. Stewart had several oil paintings on display by request, which received considerable attention and admiration.
Mrs. Hoene and Mrs. Atwood were hostesses of the afternoon.

At the conclusion of the program a business meeting was held.
In the absence of the president, Mrs. J. H. Niver, vice president, presided.

**EUGENE GRACE STILL LIVES
BUT MAY DIE AT ANY TIME**
MAN SHOT AT ATLANTA DEAD
FROM HIPS TO FEET AND END
MAY COME SOON SAY HIS
PHYSICIANS.

ATLANTA, March 15.—Eugene Grace, the man who was mysteriously shot here recently, and who succumbed to his wounds, is dead from his hips to his feet today, but his mind is alert and his spirits are unshaken. He is asking for solid foods instead of gruels. Attending physicians say he may die at any moment.
His wife spent a restless night in her cell, toiling, moaning, and mumbling incoherently. She keeps up a pitiful prayer that her husband may recover. Luther Roser, a noted lawyer, joined the legal forces handling the defense of Mrs. Grace today.

**TWO TRAINS COLLIDE
ONE MAN IS KILLED.**
FULTON, Ky., March 15.—An extra freight train ran into a local passenger train on the Illinois Central this morning. John Benedict was killed and Ada Summers was seriously injured. Several passengers were bruised.

**STEAMER REPUBLIC HELD
UP WITH WIRE CABLE.**
Capt. Ben McCoy of the steamer Republic, reports that on the trip to St. Augustine last Monday the boat was delayed for a time by a property owner in the vicinity of Fox's cut, who claims control of the canal through his property and had stretched a wire cable from bank to bank. The old man had attached his wife at one end of the cable, fastened the other, and himself watched the line from a row boat. Both the man and wife swore they would die in their tracks before they would allow the Republic to pass, but after some vigorous action on the part of those on the boat the cable was pushed under the bow of the Republic and she proceeded on her way. No difficulty has been experienced with the cable since that time.

**TAMPA FUEL COMPANY WANTS
THAT MUCH MONEY REFUNDED**
CHAMBER OF COMMERCE OF MO-
BILE ALSO PRESENTS GRIEV-
ANCE TO INTERSTATE COM-
MERCE COMMISSION.

WASHINGTON, March 15.—Doc- aring that the Atlantic Coast Line compels it to pay a docking charge for unloading fuel at Tampa, Fla., that is unlawful, the Tampa Fuel company of Baltimore, Maryland, today argued the case to the interstate commerce commission.
It was shown in the evidence that was adduced that a charge of 25 cents is made for unloading coal barges at the port of Tampa, when the coal is destined for transship- ment. It was declared to be an un- reasonable charge. Reparation for \$6,793.74 was asked of the railroad for the alleged overcharges.

Mobile Wants Redress—
WASHINGTON, March 15.—Accord- ing to the testimony given today in a hearing before the interstate com- merce commission, the Mobile & Ohio and Southern railroad formed a "close" docking corporation at Mo- bile, Ala., to shut out private dock- ists and absolutely control the dock- ing facilities of that city. Further charges were made that the rail- roads refused to land shipments at other wharves than those controlled by the railroads unless an additional charge was paid. The additional charge, however, was not exacted where the unloading was affected at docks owned and controlled by the railroads. This case was brought by the chamber of commerce of Mobile, Alabama.
Attorney Benjamin Thayer, re- presenting the chamber of com- merce, declared that the charges exacted by the railroads at private docks was a discrimination and imposed for the purpose of driving private com- petitors out of business.

DAILY STOCK MARKET REPORT.
NEW YORK, March 15.—Stocks opened strong and at a general ad- vance today. Canadian was two and an eighth, Steel three-eighths, Smel- ter three-eighths and St. Paul five eighths higher. Cotton was a easy and five to eight higher on heavy rains in the cotton belt, with May at \$10.59 and July \$10.70.

Wheat Market Easy—
CHICAGO, March 15.—The wheat market opened easy at an eighth higher to a quarter lower with May at \$1.03. Provisions were a shade higher with May pork \$16.40, ribs \$9.07 and May \$9.40. Hogs were ten higher and cattle steady.
Promptness in executing orders and producing printing just a little bit better has made the business of the Gazette-News printery what it is.

**RAIN FALLS TWELVE HOURS
RAILROAD TRAFFIC CRIPPLED**
FREIGHT TRAINS AND ENGINE
HALF SUBMERGED AND
STREET RAILWAY SERVICE IS
STOPPED.

ATLANTA, March 15.—Atlanta and vicinity was visited by an unprece- dented rain and electric storm last night and the city suffered severely in the storm.
Three miles of the Seaboard rail- road tracks north of the city have been flooded and freight trains and engines are half submerged. The operation of trolley cars was stopped at midnight as the cars were un- able to get through the flooded dis- tricts.
A new apartment house, being built in the fashionable residence district, sold into the street. The loss will reach \$200,000.
The rainfall for 12 hours amounted to five and one-half inches. The street cars began running this morning, but the railroad service is badly crippled.

Floods in Georgia—
COLUMBUS, Ga., March 15.—The Chattahoochee river is now 18 feet above the normal and rising steadily. The Eagle, Phoenix and a portion of the Muscogee mills have been closed down. Houses along the water front are inundated.

Bridges Are Endangered—
WEST POINT, Ga., March 15.—The Chattahoochee river is higher at this point today than it has been since 1886 and is rising at the rate of a foot an hour. Railroad and wagon bridges over the river are endangered. The houses along the water front are submerged and the water is constantly creeping further up town. Railroad service to Atlanta has been abandoned.

Big Mills Are Closed—
SPARTANBURG, S. C., March 15.—Six of the largest cotton mills were closed this morning on ac- count of the floods. Many bridges have been washed away and the water is rising rapidly. The ware- house of the Arkright mills has been washed away.

Snow at Chicago—
CHICAGO, March 15.—A storm of damp, heavy snow is sweeping the middle west today and all forms of traffic are badly crippled.

Western Roads Tied Up—
KANSAS CITY, March 15.—Four trunk line railroads from the west are tied up today by the worst snow blockade of the winter. The snow ranges from a half foot to two feet deep and the telegraph wires are down in many places.

Texas Suffers—
FORT WORTH, Texas, March 15.—The north part of Texas is today enduring the coldest weather ever experienced. The temperature is below zero, a heavy fall of snow has fallen and there is much suffer- ing.

**JEWELRY WORTH \$40,000
STOLEN FROM SALESMAN.**
KALAMAZOO, March 15.—A Glas- berg, a New York salesman, re- ported to the police today that he had been robbed of two trunks con- taining jewelry worth \$40,000. The trunks are said to have disappeared from the Burdick hotel.

The usual weekly card party was held at the Ivy Lane Inn last Saturday evening and was unusual in that it was taken in charge by two of the gentlemen guests, Taylor and Mr. Waldron, and prizes, 14 in number, were purchases made at the 5 and 10 cent store.
It is needless to say that when the prizes were awarded there was great hilarity, which the refreshments served had no tendency to decrease.

ROWLANDER SUBDIVISION AS NEW RESIDENCE SECTION
LOTS SELLING RAPIDLY AND NUMBER OF HOUSES WILL SOON BE ERECTED UPON THE PROPERTY.
The Rowlander subdivision is proving very popular and although the improvements have not yet been completed many lots have already been sold and the erection of a number of houses will follow in the near future.
This latest addition to the residence section of Daytona, is situated on the west side of Ridgewood avenue, between First and Second avenues, in a very desirable location and adjoining this subdivision is one of Daytona's chief attractions to visitors.
C. E. Rowlander, the owner of the tract, came to Daytona about seven weeks ago, in company with his wife, from Woodland, Mich. Seeking the possibilities offered in real estate in this city Mr. Rowlander a few weeks later purchased this piece of property, eight acres in extent, subdivided it into lots, 48 in number, and just three weeks ago commenced making the improvements which are transforming it into a modern residence section. This has required the outlay of several thousand dollars and the employment of a large force of men and teams, but the very fact of seeing the work in progress brought purchasers and in the past two weeks Mr. Rowlander has sold 21 lots, or nearly half the total number laid out.
Two streets have been opened through the property from Ridgewood avenue westward, connected on the west by a short street running north and south and all lots front upon these streets, facing north and south and east. The streets have been graded and it is understood will be accepted by the city as soon as they are marked which will probably be by the middle of next week and then the section will be supplied with lighting facilities. The laying of pipes for city water will also be done next week and the cement sidewalk work will be completed, more than half of it having already having been done.
Mr. Rowlander says that when he first broached the subject of this subdivision he received no encouragement, but he determined to make a trial of the matter and the result is proving the soundness of his judgement. The Bingham & Thompson real estate firm is agent for this property, an advertisement of which will be found elsewhere in the Daily News.

ABORIGINAL CEMETERY.
The Australian Minister of External Affairs recently received a wire from Mr. J. P. Beckett, chief inspector of aborigines in the northern territory conveying the news of the discovery of a cave full of dead aborigines. When traveling thirty miles south of the Roper river the inspector was guided by blacks to a cave hitherto unknown to any white man. Mr. Beckett found the remains of 40 or 50 human beings. It was clear that the bodies were those of aborigines and that they had lain undisturbed for very many years.

Seabreeze News

SEABREEZE, March 14 — The

street car franchise passed on third reading at a council meeting held Thursday evening. It granted to Michael Scholtz a right of way to lay tracks and operate on and over the following streets in the town of Seabreeze: Grandview avenue, Bath street, University boulevard, Pleasant avenue and Pine street and Ocean boulevard. It is said that, in the event the Daytona city council grants to Michael Scholtz and associates a like franchise and it is ratified by the voters, a bridge will be built directly across the Halifax from the Goodall property, Daytona Beach, or more recently the W. H. Marshall holdings, to Second avenue, Daytona.

The Peninsula Bridge company evidently has no intention of giving up their franchise by default or causing a readjustment of rates. A force of men started to work on the bridge at the west end Monday morning, tearing out old lumber to put the bridge in good shape for travel within the time mentioned by order of the county commissioners.

Miss Margaret Wylie of Scranton, Pa., is visiting Mrs. Morgan at the Pine street Wells cottage.

C. B. Poor has cleared two lots he recently purchased on Cemetery street, and has planted them for a summer garden.

Mrs. Messenger entertained at a Thimble party Monday afternoon, at her home on Valley street. It was a pleasant neighborhood affair, some 15 friends being present.

Mr. Tupper is having his garage moved to the rear of his lot on Pine street, and is otherwise getting ready to remodel the shop building, erected last spring into a dwelling house.

Mrs. Robert Holmes entertained a number of friends very delightfully Wednesday afternoon at a thimble party. Refreshments were served.

Mrs. Kate Hancy and daughter, Mrs. James Baggett and baby, arrived Wednesday afternoon from Marietta and joined Mr. Baggett on Pine street.

Mr. Baggett, who is here for his health, has leased a business at Marietta for a year, and will remain in Seabreeze until he regains his health.

Prof. D. D. Davis and wife were called to Lake Butler Saturday afternoon by the illness of Mrs. Davis' brother, Percy Adkins, who died Sunday morning. Mr. Davis returned on Monday night, leaving Mrs. Davis with her mother, who will accompany Mrs. Davis on her return home Friday of Saturday.

The Seabreeze High school is planning a trip to Deland Saturday and a picnic dinner.

Mrs. Elizabeth Dick, Mrs. Omer Sherman, Miss Elizabeth Sherman, Mrs. Agnes E. Barker and Mrs. Earl Barker of Wisconsin, have moved and are occupying one of J. G. Brown's cottages on Pinewood avenue for a month or six weeks.

Mrs. P. A. Rivenberg and Mrs. L. Z. Burdick will give a reception at the home of the latter on Valley street Thursday afternoon from 2:30 to 5.

Mr. and Mrs. E. D. Langworthy arrived home Saturday and are receiving a cordial welcome from their host of friends. Mr. Langworthy is now in fine health. Mr. and Mrs. Langworthy left last October for Florida, and have since been in several northern cities. They arrived here from Washington, D. C., and expect to be home until the good old summer time.

Mr. and Mrs. Edward Corcoran and baby who have been with the parents Mr. and Mrs. T. F. Corcoran at their stone mansion on Ocean boulevard, leave Saturday on their return to Long Meadow, Mass.

A Seabreeze Sunshine club has established pleasant camping grounds, as the name would indicate, on a palmetto-begged tract on the Ocean side. Here the quiet pleasures have established headquarters on sunny days, and here the kids and nannies, the swains and muskies, the old bachelors and comely widows are wont to linger in pairs when the moon is at its best.

Mrs. C. B. Fogg entertained at cards Tuesday afternoon at her home on Halifax avenue.

Mrs. Chas. W. Cook of Brantford, Ind., who was here for a week, house guest of Mr. and Mrs. Frank R. Laughlin, at their pretty beach bungalow, left Tuesday on her return home.

Mrs. Corbin of New York, who has been spending some time at Seminole Lodge, left Monday for Crescent City for a few weeks' stay.

Mr. and Mrs. A. Leslie of Dayton, Mich., are occupying the Breezy river cottage, known as the Jim Bell house.

Mrs. George Carew's twin brother Frank Carew and wife, are spending some time at the Hotel Ormond, and are frequent visitors with his brother and family at their cottage on Ocean boulevard. Mr. and Mrs. Frank Carew have recently returned from year's trip abroad.

J. W. Wilbur of Boston, Mass., has purchased the C. C. Post tract one and a half miles south of the Post Orange bridge, consisting of 2,000 feet of ocean front and approximately 7,000 feet of river front. It is said that Mr. Wilbur will lay it out in a town site. The deal was made by C. P. Burghman, real estate agency.

There have been a number of realty sales in the peninsula towns within the past week. Prices are firm and rather too high to offer a rich field of opportunity for mere speculation. The buying is all the more encouraging to the growth of the two towns, Seabreeze and Daytona Beach, for this reason, and most of the buyers are planning for winter homes or business homes.

Dennis McCarthy this week purchased of E. H. Shoemaker and wife, lots 13 and 14, block 10, in the Stewart-Brush subdivision. The lots are located west of the Weldon lot on Earl street.

Also I. J. Mervin of Federal Point, this estate has purchased of the same parties, Stewart-Brush subdivision, four lots in block 15. The property is located on Wild Olive avenue and Duke street. It is Mr. Mervin's intention to clear and grade the property and build a home for a year-round residence. Mrs. Mervin and Mrs. Shoemaker were classmates and have kept up their school girl friendship.

Within the past six weeks or since January 1st, Mr. Shoemaker has sold 15 lots in his part of the Stewart-Brush subdivision.

Applicants are rolling in for beach cottages already and some are being engaged for next winter.

Mr. and Mrs. R. E. Olds arrived from the south Saturday by train, and joined Mr. and Mrs. Shoemaker at the Olds' cottage on Valley street. They leave Friday for Washington, D. C., and from there to their home city, Lansing, Mich. Mr. Olds left his cruiser at Palm Beach until next spring.

Mr. and Mrs. Shoemaker and Mr. and Mrs. Wallace Olds leave Friday for a trip to St. Augustine in their launch. They expect to be gone about a week. Mr. and Mrs. Beach, of Daytona Beach, will accompany the party in their boat.

SMALL COURTESIES ARE LOST

These Things That Make Life Really Worth While Seem to Be Forgotten.

Small courtesies of life seem to be entirely lost in the rush for big things. This leaving off of the little things that go to make living worth the while is a well-known and recognized fact to women who have those gracious attentions so easy in the giving when the thought is right.

Many men no longer consider it necessary to rise when a lady enters the room. If they proffer a chair, it is seldom done with the old-time alacrity, and a few trips on a city car will be sufficient to convince the veriest skeptic of the truth of courtesy's decadence.

Be it said in favor of man, continually on the rack regarding these omissions, that he is by no means the greatest offender. Women who entertain will tell you of scores of invitations to which they have never even received the courtesy of an acknowledgment. "N. S. V. P." at the end of a card or note means nothing to women so thoughtless or too ill-bred to take five minutes for a reply. Such treatment of a social courtesy is an offense serious enough to cause the offender's name to be struck from the social list of the hostess.

The small courtesies of woman to woman are fully as important as those from man to woman, or woman to man.

Propagating Carp. Laddie Lowmy, formerly a rabbit but in late years employed as a police court interpreter, hurried into light court in a state of perplexity.

"Does anybody here know how to feed a carp?" he asked a court attendant.

"What's a carp?" asked the attendant.

"It's a fish," answered Lowmy, "and it's fine. Three pounds it weighs. My wife she bought three carp at the market and brought them home. One was alive and I put it in the bath tub. The other two I ate."

"If you want that fish to die, in eight days I will eat him, but he never run down anybody."—New York World.

Remarkable. "I've driven my car for over a year now," said Bilkins, "and I've never run down anybody."

"That's nothing," said Mrs. Bilkins. "I've attended the meetings of our sewing circle for five years and have never run down anybody."—Harpers Weekly.

Did as He Was Told.

Jim was a new porter in the hotel and he was putting in his first night at his new and responsible position. It was five in the morning, and so far Jim had done all he was told and was getting on splendidly. "Call seventeen and four," commanded the night clerk as he looked over his call sheet. Jim obeyed. After he had been gone for a considerable time the clerk went up to see if he had called the rooms designated. "Well," sighed the new porter, whom he found on the third floor, "I've got seventeen of 'em up, but I haven't started on the other four yet."

Some folks make fun of the idea. What's the use of burglary insurance? Some folks know why it's good, others, why it would have been. Burglary is always the unexpected. The best preparation is insurance protection against it.

You realize that you don't have to risk your life protecting your jewels, the Insurance Company does that. Doesn't cost much, either.

He Spoke Too Late.
This is Maclyn Arbuckle's story—
and by way of giving proper credit it
should be added that Mr. Arbuckle
has just made something better than
good with a new sketch in vaudeville.
Mr. Arbuckle found four negro por-
ters engaged in poker at a hotel in
which he stopped recently. As Mr.
Arbuckle has won money at poker—
oh, yes, two or three times he has
won money at poker—he stopped and
looked on. By and by along came a
jackpot. The ante was a dime. "Only
30 cents on the table," said the dealer.
"Who's shy? I'm in," "I'm in," said
the second man. "I'm in," said the
third man. "That crooked dime is mah
pocket-piece. I'd know it anywhere."
The fourth man slowly produced a 10-
cent piece and shot it to the center.
"Ah, know very well Ah was in, too,"
said he, "but you all outtalked me."

Snails of Cal Meat.
Snails, the only genuine part of
which are the shells, are now being
sold in Paris, and it is said that the
imitation of the real article is so close
that many eaters have a high opin-
ion of the sham product. But it is to
be presumed that they do not know
that the snails are artificial and they
are certainly ignorant of the method
by which the snails are manufactured.
Small shells, it seems, are bought from
the fishermen and the pickers, and
after being cleaned are filled with
"lights" or cat's meat, the soft flesh
being cut into corkerew form, so as to
fit the shell, by a skillfully designed
machine. The receptacle is then sealed
by means of liquid fat and the es-
caper is ready for the consumer. The
secret came out in consequence of an
action brought by a man employed at
the snail factory to recover damages
for a finger maimed by one of the
machines. The artificial snails find a
ready market.

Champion Nature Faker.
Rene Bache, the author, was talk-
ing, according to the Los Angeles
Times, about nature fakers. "I know
a nature faker," said Mr. Bache, "who
claims that a hen of his last month
hatched, from a set of 17 eggs,
17 chicks, that fed in lieu of feath-
ers, fur. He claimed that these fur-
coated chicks were proof of nature's
adaptation of all animals to their en-
vironment, the 17 eggs having been of
the cold storage variety."

Can't Be Done.
A New York railroad has installed
"whispering machines" on its locomo-
tives, but unfortunately the difficul-
ties of installing them on office boys
seem too great to surmount.

Ship's Adventurous Career.
The old vessel "The Seal," in which
the Norwegian skipper Reinertsen re-
cently fled from Blideford, Devon-
shire, for Durban, Natal, has an inter-
esting history. Originally known as
"The Purveyor," she was built at
Southampton in 1810 to carry provi-
sions to the men-of-war lying at Spit-
head. Made of good English oak and
lined with copper, the vessel was sold
later to Captain Thomas Maiters, who
stripped off the copper and put her in
the coasting trade. During a great
storm in 1823 the Purveyor was driven
from her moorings at Poole, with a
man and boy on board, and landed
high and dry in a turnip field at Park
stone. The owner was compelled to
employ a number of navvies to dig
a channel from the ship to the sea
in order to float her off.

Dickens Was a Tidy Man.
Authors, as a rule, are not famed
for tidiness, but Dickens was an ex-
ception. "There never existed, I
think, in all the world, a more thor-
oughly tidy or methodical creature
than my father," wrote his daugh-
ter. The corner was compelled to
employ a number of navvies to dig
a channel from the ship to the sea
in order to float her off.
